

**PROJECT: 21719 ND - SLDS Integration Word Doc**

**SUBJECT: STAR Assessment data and the ND SLDS**

Dear School District Representatives,

The North Dakota Statewide Longitudinal Data System (ND SLDS) partners with Renaissance Learning to make STAR™ assessment data available through the SLDS.

To include STAR assessments in your SLDS reports, follow these steps to integrate your STAR data with the SLDS.

- 1) Send an email to [support@renaissance.com](mailto:support@renaissance.com) and indicate that you would like to share your STAR data with the ND SLDS.
- 2) A data sharing agreement will be deployed and made available on your Renaissance Place site as the DISTRICT admin under the Custom Data and Reporting hub. This agreement authorizes Renaissance Learning to securely share files directly with the ND SLDS.

Please note, if you are not using the Renaissance Data Integrator (RDI), it is especially helpful to include accurate data for

- Student State ID
- District State ID
- District Name
- School State ID
- School Name
- Student's Last Name
- Student's First Name

For questions or assistance with Renaissance STAR, contact Renaissance Learning at (800) 338-4204.

For questions or assistance with ND SLDS, contact the Edutech Help desk at 800.774.1091 or by email at [help@k12.nd.us](mailto:help@k12.nd.us)
